2. Gold equivalent ounces for 2021 are calculated using a 1:85 ratio of the silver price to the gold price, which is representative of the average ratio for the respective metal prices for 2020, and approximate ratios for the price/ounce of gold to price/pound of lead and zinc, respectively, for 2020.

OUR MISSION

To safely, sustainably and profitably produce gold and silver for the benefit of our investors, employees and communities.

OUR VISION

To grow into a leading intermediate gold and silver producer with a substantial reserve base by adding to and upgrading our asset portfolio in the Americas. We aim to achieve excellence in all aspects of our business including safety, efficiency, shareholder value, environmental and social performance, and to be respected by our investors, employees and communities.
